Work Experience

VALTECH_EVIDENT - FRONTEND DEVELOPER — JUL 2021 - JUL 2022 — 1 YR 1 MOS

Building a scalable and performant web app for a leading international audit, tax and advisory firm. In a multicultural and multidisciplinary team. Building the app from the ground up, reaching beta launch and then v1 launch, working on the building blocks of the application: authentication, authorisation, routing, integrations with services and libraries like Okta and Contentful. Developing quality code in JavaScript and Typescript using the framework Vue.js. In a completely agile environment. Writing Unit & E2E tests and performing code reviews on my colleagues pull requests.

Owning some features, deciding on the tech we used, gathering feedback and checking up on colleagues work and collaborating on the planning and design.
